## WANT US TO DESIGN YOUR AD?

Email us your artwork right away. What works best is a high quality or a vector logo, contact info, and a simple message or list of services. Once we receive that from you, a Gameday Media graphic designer will design your ad and email you a proof to review. Then email us with an approval or any changes you would like to make and we'll email back a revised copy. Once its approved, we're off to print.

## DESIGNING YOUR OWN AD?

If you plan on sending us print-ready artwork, please ensure that the artwork is **300 DPI** and in **CMYK** format. Also, please follow the **BLEED** and **SAFE ZONE** specifications on the left side of the page to ensure proper printing. If you've purchased a double-wide ad, please note that the ad spans across the bottom of both pages, so avoid adding text in the very center where the media guide will be folded. Banners and gym signs should have bleeds on all sides. If your file is too large to send, please email us for instructions on uploading to our Dropbox.
